## POWER & COMMUNICATIONS

### Renewable Power Purchase Program

## Summary of Prices, Terms, and Conditions

### Business Customers

LPC's Renewable Power Purchase Program is certified by the Green-e Energy Program, which requires companies offering certified products to provide renewable energy customers with this notice of price, terms and conditions of service. From the time you receive this, you have three business days to cancel your agreement to purchase renewable energy from LPC by calling 303.651.8386 or sending written notification to LPC Renewable Energy Program, 1100 South Sherman Street, Longmont, CO 80501.

#### *How will I be billed?*

Your renewable energy charge will be listed on your utility bill as an additional item.

#### *How will my electricity bill be calculated?*

Your bill will include your electric rate plus an additional \$14.80 a month per 500 kWh block of renewable energy (or \$0.0296 per kWh equivalent to your electric use). You can purchase in 500 kWh blocks or choose to have 100% of your energy usage powered by renewables. You will also pay all applicable federal, state and local taxes and charges.

#### *What other fee might I be charged?*

No other fees.

#### *What time frame of the agreement/contract is required?*

12 months.

#### *How much will my total electricity service cost, including utility customer service charges?*

Based on a monthly average use of 1,500 kWh, the following costs are estimated for a 20# monthly electric bill, plus the additional cost for the same amount of renewable energy from LPC's program:

20# monthly electric cost	\$133.40
Green pricing premium for 1,500 kWh	\$4&40
<b>Total electric cost</b>	<b>\$177.80</b>

#### *Will electricity rates for this program change over time?*

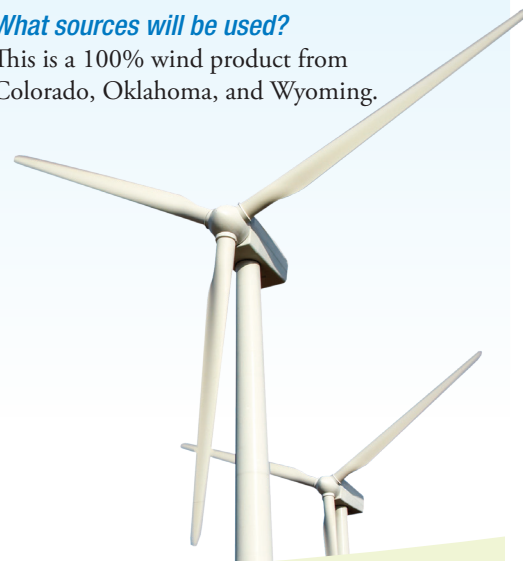

Longmont City Council periodically reviews and sets electric rates based on the wholesale purchase price of electricity and utility operating costs.

#### *If I want to terminate this agreement/contract, what is the early termination fee?*

There is no early termination fee. Only customers that disconnect electric service may leave the program prior to the 12-month minimum subscription requirement.

#### *What sources will be used?*

This is a 100% wind product from Colorado, Oklahoma, and Wyoming.

Green-e Energy certifies that LPC's renewable energy meets the minimum environmental and consumer protection standards established by the non-profit Center for Resource Solutions. For more information on Green-e certification requirements, call 1-888-63GREEN or visit [www.green-e.org](http://www.green-e.org).
